

## Ensenso X/XR product change: Revised sync cables

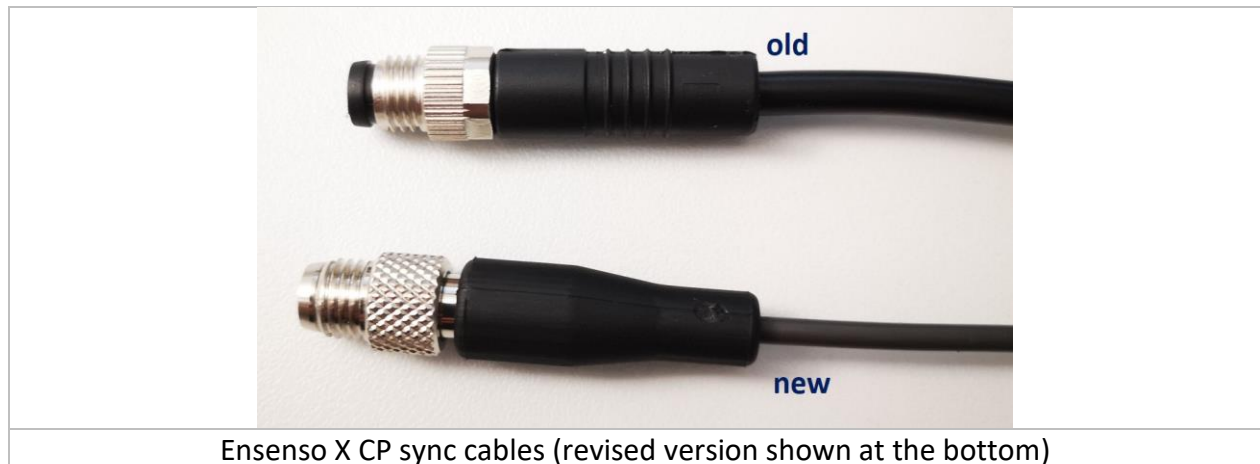

<b>Affected Products and Changes:</b>	All Ensenso X and XR models
<b>Type of Product Change:</b>	Revision of Products/Parts
<b>Document Version:</b>	1.1
<b>Document Release Date:</b>	2022-04-26
<b>Release date of new sync cables:</b>	TBD

### Reasons and overview of the product revision

Revised Ensenso X/XR sync cables will mitigate production limitations of the previous designs:

- Change of manufacturer for all sync cables
- Ensenso X CP sync cables only: Change of M8 connector and cable type (see illustration)

There are no changes in cable compatibility or function, and no changes in camera or projector devices.

### Recommended actions for customers
